FIVE PEOPLE KILLED

Flagman and Conductor of Trolley Car Arrested.

NO CHANCE TO STOP THE CAR

Engine Crashed Into Trolley Car Loaded With Passengers at Crossing—Bodies Cared for by Relatives.

Waterbury, Coon., Nov. 30.—Five factory employees were killed at the West Main street crossing over the Highland division tracks of the New York, New Haven and Hartford railroad when an extra Hartford bound freight train crashed into a trolley car, containing 25 persons bound for the pin factories in Oakville. The car was struck with great force directly in the middle and all the passengers killed were badly mangled. Six others were badly injured and had to be carried to their homes.

Flagman John Flavin and Conductor John Dillon of the trolley car, were arrested. The motorman of the car, Charles Leonard, was not held.

It is stated that the wrecked trolley car was following closely behind another car which had passed over the crossing.

It is customary to drop the gates at the railroad crossing on the approach of a train, but in this instance the gates were up.

The flagman it is alleged waved his flag, showing a clear track.

There was absolutely no chance for the engineer of the train to stop his train in time to prevent the accident. Although he applied the brakes, the engine crashed into te trolley car, smashing it to splinters, and throwing the occupants in all directions. Many of those injured were carried to nearby storos, while some, who were unable to walk, were laid alongside the tracks until carriages and ambulances took them to their homes. The bodies of the known dead were cared for by relatives.

ATLANTA GETS NEXT MEETING.

Southeastern District, International Machinists Union Has Adjourned.

Birmingham, Ala., Nov. 30.—The convention of the southeastern district, International Machinists' Union, which convened here Monday, had adjourned to meet next year in Atlanta The uniform wage scale was discussed, at length, and is to be passed on by higher officials.

Officers were elected for ensuing term as follows:

Arch McGillivray, Birmingham, president; E. Tacon, Mobile, first vice president; T. J. Wright, Nashville, second vice president; Frank Humphries, Roanoke, Va., third vice president; J. F. Aylwood, High Springs, Fla., fourth vice president; P. F. Morgan, Jackson, Tenn, fifth vice president; James E. Drake, Birmingham, secretary-treasury.

BRYAN FOUND GUILTY.

Minister Is Supended for a Period of One Year.

Brunswick, Ga., Nov. 30—The committee appointed to investigate the charges of immorality made against Rev. S. H. Bryan, who was formerly pastor of the Methodist church at Millen, has made its report to the conference.

The report of the committee was made soon after conference opened Thursday morning.

Dr. N. P Hoyle Dead

Columbus, Ga., Nov 30 Dr. N Hoyle, for twenty years a physician here, and a Confederate veteran, died after an illness of one year. Heart failure was the immediate cause of his death. He was 64 years of age He was born and reared in east Tennessee.

Black Hand Suspected.

Pittsburg, Kans., Nov. 30.—Alphonse Falletti, a merchant and banker for Italians, has mysteriously disappeared and a Black Hand plot is suspected.

SEA ISLAND COTTON.

Savannah Market Fairly Active First of Last Week.

Savannah, Ga., Nov. 30.—The market was fairly active early in the week for fancy, and moderately so for extra choice. Later, the demand for the latter has apparently been satisfied, and while fancy continues rather firm, the other grades are dull and quotations for the lower grades are reduced.

The weather was favorable for picking most of the week, but turned rainy latterly. General sentiment as to the size of the crop remains about 80,000 bales. Well informed Florida observers assert that the Florida crop will not exceed last year's.

The quality of the receipts shows no improvement. It is now estimated by careful experts that the proportion of fancy will not run over 12½ to 15 per cent, against a proportion of 50 to 60 per cent in last year's small crop.

The following prices are based on factors' quotations:

Fancy Floridas	29@30
Fancy Georgias	29
Ex. choice Floridas	25
Ex. choice Georgias	22½@24
Choice Ga.'s and Fla.'s	18@20
Fine Ga.'s and Fla.'s	17@18
Common Ga.'s and Fla.'s	Nominal

Season—	1907.	1906.
Receipts, gross	1,763	1,791
Receipts, net	1,763	1,791
Sales	1,434	1,326
Exports	1,505	2,495

Receipts, season, net	19,250	15,184

MELROSE NOTES.

Melrose, Nov. 30.—Thanksgiving day was duly observed by a union service at the Lutheran church, Rev. T. H. Sistrunk presiding. The Huffman House served an excellent dinner to about thirty guests.

Mr. and Mrs. J. W. Johnson and Bruce Johnson of Binghamton, N. Y., are among the new arrivals here.

Simon Coward has purchased the entire crop of oranges, etc., of the William Maxwell grove, besides a number of other groves. Orders are coming in readily, and are being shipped in car lots.

The many friends of Mrs. E. M. King will be interested to hear that she left San Francisco on the Steamer Maripora for New Zealand on November 22.

Miss Minnie Lee, Paul Lee and Ernest Lee are spending Thanksgiving with their parents.

Among the visitors in town Thanksgiving day were Dr. and Mrs. Curtis of Orange Heights, the Misses J. and P. Cox of LaCrosse, Dewitt Hague of Hague, and Mrs. H. Fortner, Brooklyn.

Mr. and Mrs. L. M. Baldwin are receiving the hearty congratulations of their many friends on the arrival of a fine girl baby.

A Glorious Thanksgiving.

Evinston, Nov 29.—Thanksgiving was pleasantly and appropriately observed at Evinston.

In the forenoon at 11 o'clock a praise service was held in the school house. Rev. Thrasher of Micanopy conducted the opening service. Prayers by Revs. Thrasher and Edwards were offered. Our earnest pastor, Rev. Barr was at his best in a sermon from I Thess., 5:18. The audience was large and attentive. One feature of the worship was the good music, with Mrs. J. W. Shettleworth as organist.

Immediately after the service a magnificent dinner was served on the lawn. There are not words in my vocabulary sufficient to describe this dinner, but we all understand what a really and truly Thanksgiving dinner is. Nearly every family in Evinston was present, and a few from McIntosh and Micanopy.

It was really a pleasant day with us, and 'midst all pleasures, we are not forgetful of the Bountiful Giver and give Him our heart-felt thanks for this occasion. MRS. W. A. J.

COTTON, COAL IRON.

As Reasons for Thankfulness In This Country.

WATERPOWER IS ENORMOUS.

Agriuultural Products of the United States Greater than Farmers have Ever Before Had to Their Credit. Prosperous Times in Sight

Baltimore, Nov. 30.—As reasons for thankfulness in the country the Manufacturers' Record sets forth the following:

"Take coal as the corner stone of material advancement, since it is the motive power of the world's industrial activities. Without coal Great Britain and Germany would never have attained their marvelous wealth nor reached their commanding position in the world's affairs. But Great Britain has about 12,000 square miles of coal area, and Germany 1,800. All Europe has only 50,000 square miles, of which more than one-half is in Russia. In the United States we have 350,000 square miles of coal, or just seven times as much as all Europe; and by virtue of the greater thickness of the veins we probably have twenty times as much coal.

"Of iron ore, as the foundation next to coal on which the world's civilization rests, since the measure of a nation's progress is marked by its advancement in the use of iron and steel in railroad construction and industrial activities, we have over 12,000,000,000 tons, with a possibility of other great discoveries yet to be made. It is safe to say that so far as the scientists know, the United States not only has more iron ore than all Europe, but, so far as their knowledge now goes, more iron ore than the rest of the world.

"Next to iron and steel in the value of finished output is cotton goods. It was only a few years ago when the value of the world's iron and steel production. Of raw cotton, the foundation of this vast industry whose progress is somewhat commensurate with the marvelous expansion in iron and steel, the United States has a monopoly of 80 per cent of the world's production, and so far as human foresight can see there is not for the next fifty years the slightest danger of any serious competition. For this one crop alone, of which Europe must of necessity draw its supply from us, we have a call upon the world's gold which must annually be paid by Europe to the extent of about $450,000,000 to $500,000,000.

"But while studying the vastness of our coal supply and its influence for the upbuilding of the country we should not forget the latent power in our rivers, which to a large exten up to the present time was gone to waste as they have run their courses idly from the mountains to the sea. In the south alone there is available for utilization on our rivers and streams possibly 5,000,000 horse-power. On this possibly one tenth, or 500,000 horse-power has been or is being harnessed for electrical work. How vast is the available water-power of the entire country it would be difficult to estimate, but certainly it is within reason to say that the aggregate is greater than the total horse-power now used by all the manufacturing interests of the country.

"These things, however, comprise but a comparatively small part of the foundation for material prosperity. We control a very large part of the petroleum output of the world. We produce a large proportion of the world's copper. The development of Portland cement from 335,000 barrels in 1890 to about 50,000,000 barrels at present is one of the wonders of the business world, and there are limitless resources in this country for an extension of cement making to rival the development of iron and steel. We have a country capable not only of feeding itself, but of supplying hundreds of millions of bushels of corn and wheat, million of dollars worth of provisions and other foodstuffs to the less favored people of other lands. The value of our agricultural products for 1907 will be over $7,000,000,000, an amount far greater than the farmers of this country have ever before had to their credit, and of this at least $2,000,000,000 will be the south's share. Even when we have catalogued these things we find that they are but a few of the leading factors in American solidity. Stretching from the lakes to the gulf, from the Atlantic to the Pacific, is a region of 3,000,000 square miles, literally bursting with laten riches, needing but the magic wand of capital to be turned into active wealth for the blessing of mankind; a country so ruch in natural advantages, so rich in soil and climate, in rivers and lakes, in iron in coal, in cotton, in the varied products of the soil, that man cannot conceive of how greater resources could have been given to any spot on earth. Vast, limitless as are these resources, assuring progress and prosperity compared with which all that we have seen in the past, will prove to be but the very beginning of material prosperity, the future beckons us onward."

ALBANY WOMAN USES REVOLVER

She Was Alone in House at Time Burglars Entered.

Albany, Ga., Nov. 30.—Hearing some one trying to force an entrance at the back door of her home, on Jefferson street, Mrs. D. C. Betjeman, who was in the house alone, took her revolver and went out to face the burglar.

When she asked who was at the door, rapidly retreating footsteps were her only answer. She quickly threw open the door and emptied her revolver at the fleeing burglar. When the police arrived they found the tracks of two men in the yard.

Albany has been infested with burglars for two weeks. This is the second attempt that has been made to burglarize the Betjeman home.

"Opthalmo Tuberculin Test."

Ann Harbor, Mich., Nov. 30.—Sixty of the senior law students of the University of Michigan have subjected themselves to the new "opthalmo tuberculin test" to determine whether there are any tuberculosis germs in the body. The liquid is prepared from clean cultures of the tubercle bacillus, but precipitated in alcohol and instead of being injected like Koch's lymph, it is dropped into the subject's eye. If the disease is in existence in the body, it will be manifested in eight or ten hours. Of the subjects not one showed any reaction while patients in the hospital it was very manifest.

New York to Paris in Auto.

New York, Nov. 30.—The first definite entry for the automobile race from New York to Paris, which will be under the direction of Le Matin, the Paris newspaper, comes from an American. He will drive a 25-horse power car and is enthusiastic over the plans for the race. Le Matin originated the race last summer from Pekin to Paris, which was a great success. The route for the proposed race is from New York across the continent to the Pacific coast through Alaska, across Bering straits, through Siberia and Russia and thence through Germany and France to Paris.

Suicides With Phonograph at Play

New York, Nov. 30.—Turning on the gas and a phonograph at the same time, Mrs. Georgia Tittle, aged 35, committed suicide at her home to the strains of "In the Wildwood Where the Blue Bells Grow," her favorite air. She was despondent because of ill health.

Kills Herself After Mock Marriage.

Wheeling, W. Va., Nov 30.—Despondent, it is said, when she learned she had been made a party to a mock marriage, Miss Osie Pierce committed suicide at Powhatan, O. The authorities are searching for the man who has disappeared.

Farmer is Robbed of $1,500.

Cuthbert, Ga., Nov 30.—Abe Gore, a wealthy farmer living near Cuthbert, was robbed of $1,500 Thursday Mr. Gore put the money between the mattresses in his bed. Just when it was taken is not known.

FREE-FOR-ALL FIGH

Was Waged Between Contend Authorities at Oakland.

WONG LEONG FATALLY HUR

Several Chinamen Killed and Injured Two Chinese Societies at War Oakland—Searching for the Fo White Men.

Oakland, Cal., No battle between a d a special policeman a Chinaman and fo the other, took pl at Sixth and Alice night in which fif

Special Policeman W D Ryan, a Wong Leong, the wounded. Wong Le is in the hospital holes in his body. an were both shot in are not seriously in

Tre Hep Sing Tong Kong Tong societies ing in this city for several Chinamen have injured in the gun members of the two

It was learned by day that four white gun been imported from a hand in the Tong war, watch was kept on the ters.

Thursday night Deputy Sheriff William J. Moffitt followed a suspected Chinaman to the park. When he approached him the Chinaman opened fire, which was returned by Moffitt. Hearing te shots Special Policeman Murdock came to the assistance of the deputy sheriff

At this moment four men, apparently whites, opened fire on the two officers. Murdock went down with a bullet in his leg, but continued using his gun. The pistol duel quickly brought the police to the scene, but not before the four white men had made their escape.

Ryan, who was sitting on a bench near by, was hit by a stray bullet. The Chinaman was found on the ground literally riddled, having been struck by nine bullets.

The police are scouring the city for the four white men who participated in the battle.

GAME STOPPED BY POLICE.

Work on Gridiron Was so Brutal Officers Interfered.

New York, Nov. 30. games were played simultaneously on Laughlin oval in Williamsbridge day and bothe were stopped by the police after six players had been badly hurt.

The teams indulged in such rough play that their partisans watching the game rushed on the field and took a hand, causing a riot. The police were forced to use their clubs before the trouble could be quelled.

Scarcely was this battle quelled another started on the same ground and the police again dispersed the crowd with their clubs. Those injured will recover.

527 Lepers at Molokai.

Honolulu, Nov. 2, via San Francisco Nov. 29.—The board of health on the petition of 527 lepers at the Molokai settlement, have decided to permit J. Lore Wallach to visit the settlement for the treatment of twelve lepers at the settlement. This is the result of the agitation which has been carried on by Wallach and his friends for several months, during which he has persistently claimed that he can cure leprosy, and has thereby aroused the hopes of the lepers themselves who are almost all Hawaiians, and their relatives and friends out side the settlement.

Calm at Portugal.

Washington, Nov. 30.—Unofficial but authentic, advices were received here from Lisbon denying the reports of disturbances in Portugal and stating that complete calm prevails.

RIVERSIDE WAS AN EASY THING

Easily Defeated by University Boys, But Interesting Game.

FINAL SCORE WAS 17 TO 0

A Good Crowd Was Present to Witness the Game, But It Was Too One-Sided—High School Boys Defeated Second 'Varsity Team.

Thursday at the baseball park a double-header was pulled off on the gridiron in which the Riverside team from Jacksonville was defeated by the University of Florida, by a score of 17 to 0. The High School team of Gainesville defeated the Second team of the University of Florida by a score of 11 to 0. The games were throughout marked by clever work and all teams showed the hard work which they had been at for the past number of weeks.

Riverside made a very good showing, and it was evident that they had put some hard work in the right place. Hawkins, as usual, did some star playing, and was in the game from start to finish. Drawdy also distinguished himself, and by big gains he made through center, often carried the ball safely over the ten-yard line. But it was evident from the start that Riverside was no match for the University team. In all parts of the game the University boys out-played their opponents.

Shands, J., Corbett, Puleston and Green all did some very pretty work for the University team, but the team-work of the 'Varsity boys was so perfect it was hard to pick out special stars. On both teams the men were all in the game.

At 3:39 p. m. the whistle sounded and the High School boys took the field against the Second U. of F. boys. They played their first half of 25 minutes, resulting in a score of 6 to 0 in favor of High School.

The Riverside and 'Varsity then took the field and by so alternating, the crowd was given a constant game.

Colsons at Battle Creek.

Information has reached this city to the effect that Mr. and Mrs. Perry M. Colson and daughter, Miss Laurie, who left a few days ago for Battle Creek, Mich., have safely arrived at their destination, and that Mr. Colson, for the benefit of the health of whom the trip was made, is feeling very well.

Mr. Colson spent several weeks during the past summer at the sanitarium, during which time he was greatly improved. He returned to his Florida home, however, but when he began to feel that the condition of his health here was none too encouraging, he returned. It is to be hoped that a few weeks at this famous resort will bring him entirely back to his normal condition physically.

The Money Question

This Is the Question

whether it is better to keep your money in a drawer or safe and dole it out in payments of accounts and bills or to bank it and pay by check? There can be but one answer to this—bank it, and check it out. OPEN AN ACCOUNT WITH US—it will systematize your affairs, teach you economy, and bring you into contact with the best people of the community.

COMFORTING WORDS

Many a Florida Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Florida readers.

A. Oerting, seaman, of 419 L. street, Pensacola, Fla., tells how to do it. He says: "From my experience with Doan's Kidney Pills I can strongly recommend them to anyone in need of a good medicine for the kidneys. Kidney complaint and backache caused me suffering at intervals for years. The first or second attack I did not mind, but as time went by they grew worse and at times laid me up. I could hardly walk and it was a difficult matter to straighten up after stooping, while the kidney secretions were irregular and unnatural. Doan's Kidney Pills cured me. From personal experience I know that this remedy can be depended upon to fulfill the representations made for it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

DELIGHTFUL BIRTHDAY PARTY.

Little Misses Oliver and Kite Entertain Their Young Friends.

A most delightful birthday party was tendered at the home of Mr. and Mrs. A. B. Oliver Friday afternoon, the occasion being a joint party in honor of the birthdays of little Miss Bessie Oliver, ten years, and her cousin, little Miss Leola Kite, nine years.

The color scheme was pink and white, and was carried out to pretty effect throughout the entire house. The parlor was appropriately decorated with pink and white chains of tissue paper, while the same effect was carried out in the dining-room, chains or streamers of tissue being used to a fine effect from each corner of the table to the electric light at the center. The mantel in the dining-room was also attractively decorated in pink and white, with handsome hand-painted china pieces. The floral decorations were also fine.

On the dining-table were two immense cakes, one containing ten, the other nine candles, of white and pink. These candles were extinguished by the young guests during the afternoon with "three blows and a wish."

The refreshments were ice cream and cake, the color scheme of pink and white being carried out even here with good effect.

There was a peanut hunt during the afternoon, in which little Miss Emma Lee Hudson was awarded the first prize, a handsome Japanese china mush, while the consolation prize fell to Master Chas. Hunter.

At the conclusion of the festivities at the home, the little folks participated in a straw ride, the teams "distributing" them to their respective homes. Notwithstanding that the weather conditions were unfavorable, the affair passed off in a most delightful manner, and the little guests are under lasting obligations to their hostess' for the pleasures of the afternoon.

REMOVE THE CAUSE.

How to Remedy Much of the Suffering in Gainesville.

There is hardly a family in Gainesville where there are not one or more members who suffer at times from the effects of a weak stomach.

It may be that this occurs only after eating some food that does not agree, or because of a supper late at night, or it may be that the stomach is so weak that scarcely any food can be eaten without pain and distress.

The only way to treat a condition of this kind successfully is with Mi-o-na. It removes the cause of indigestion, weakness of the muscles of the stomach and bowels, and restores the whole digestive system to health and strength so that it takes care of all the food that is eaten.

Get well and strong by using Mi-o-na tablets. Take the remedy at the first symptom of indigestion, when you can be cured easily with a few doses. However, no case of stomach trouble is too severe or chronic for Mi-o-na to overcome.

J. W. McCollum & Co. sell it under an absolute guarantee to refund the money unless it cures. A 50-cent box lasts for a couple of weeks, and will do more real good than a dozen boxes of the ordinary digestive tablets.

DEATH OF MRS. HANCHETTE.

Elderly Lady Passed Away, After Years of a Useful Life.

From Saturday's Daily Sun:

One of the saddest deaths to occur in this city for some time was that of Mrs. James Hanchette, which occurred at 2 o'clock Friday afternoon at the home of her daughter, Mrs. W. F. Yocum, after an illness of several months.

Deceased was well advanced in years, being eighty-six years of age. She was a native of New York State, being born near Albany in 1821. In 1849, however, she removed to Wisconsin, where she was married, and where she remained until 1862.

From Wisconsin deceased removed to Chicago, where she entered the Chicago Art Studio, and after becoming a graduate taught for ten years in Fort Wayne, Ind. In 1889 she came to Florida, where she has since resided, spending a greater part of the time at her home near Bartow, but for the past few years making her home with her daughter, Mrs. Yocum.

Deceased was a member of the Methodist church, and for many years was active in church work. Owing to her advanced age, however, she was compelled to give this work up several years ago. She was a woman of tender, kind disposition, and was loved by all who knew her, being of a most patient disposition.

The funeral will be held from the residence at 3:30 o'clock this afternoon, Rev. Thos. J. Nixon of the First Methodist church conducting the ceremony. Friends of the family are invited.

Deceased is survived by a husband, now ninety-four years of age, a daughter, Mrs. W. F. Yocum, and several grand-children, among them Mrs. Gary, to whom the sympathy of the community is extended.

Hunting Party Returned.

The hunting party comprising Superintendent J. B. Cutler of the Tampa and Jacksonville railroad, Judge J. A. Carlisle, Col. Robt. E. Davis and Captain Ivers, who have been away for the past two or three days on a hunting trip in the former's private car, the Tuscawilla, have returned to their home. While the luck reported was nothing extra, at the same time the party enjoyed about all the fine quail they could eat, which were temptingly prepared in Judge Carlisle's own way.

Passed Examination Successfully.

James Donahue, New Britain, Conn., writes: "I tried several kidney remedies, and was treated by our best physicians for diabetes, but did not improve until I took Foley's Kidney Cure. After the second bottle I showed improvement, and five bottles cured me completely. I have since passed a rigid examination for life insurance." Foley's Kidney Cure cures backache and all forms of kidney and bladder trouble. J. W. McCollum & Co.

$1,300 in Money Was Taken.

Birmingham, Ala., Nov. 29.—The safe of the Pennington Grocery company near Springville, Ala., was looted by safe blowers Tuesday and over a thousand dollars in money taken. The robbers got away safely. The police department here was notified and it is believed the work was done by the same gang which recently blew two safes at North Birmingham and several in the city of Birmingham proper.

How Diphtheria is Contracted.

One often hears the expression, "My child caught a severe cold which developed into diptheria," when the truth was that the cold had simply left the little one particularly susceptible to the wandering diphtheria germ. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted. For sale by all druggists.

S.S.S. CURES BLOOD POISON

A SAFE HOME TREATMENT

In S. S. S. nature has provided a certain, safe, home cure for Contagious Blood Poison. It is a medicine made entirely of roots and herbs of recognized blood-purifying value, and is the one medicine which goes down to the root of the trouble and remove every particle of poison, at the same time benefit and build up the system and get rid of all harmful effects ever follow its use, as is so often the case with the mineral medicines are used. As soon as the system gets under the influence of S. S. S. the disease begins to improve, and when the remedy has purified the blood and driven out every trace of the poison, the symptoms of trouble are ever seen again. The general manifestations of Contagious Blood Poison such as falling hair, copper-colored spots, ulcers in the mouth, throat, sores and ulcers, etc., are merely symptoms of the poisoned condition of the blood, and in most cases respond quickly to local treatment, while S. S. S. is doing the necessary work of cleansing the blood. Our "Home Treatment" book is of great assistance along this line. It is a complete guide for treating the trouble, containing instructions for the different stages of the disease, and also valuable suggestions about diet and treatment, that will be most helpful in effecting a cure. We will be glad to send a copy of this book, free of charge, to any who desire it, and if special medical advice is wanted our physicians will take pleasure in supplying it without cost to the patient. If you are suffering with Contagious Blood Poison you can cure yourself in the privacy of your own home by the use of S. S. S., an absolutely safe remedy.

OTHER TRAGEDY IN WEST END TOWN

nown Man Killed and Burned in Barn Near Wade.

HORITIES ARE NOTIFIED

Thought to be of Incendiary Ori- n and Upon Investigation Found dy of Man Thoroughly Charred. lieved to be Frank Booth, Colored.

ade, Nov. 28.—Killing and then ing his body into a crisp was the feature of another crime com- ed at Wade.

colored farmer, Ben Bell, living Wade, noticed his barn, which in a field near to his house, on about 12 o'clock Sunday night. had all his fodder stored in the , and as his corn crib was set by someone about a year ago, posed someone had fired his barn

othing could be saved and Monday rning, while examining for tracks trace of a clue he discovered the rred remains of a human body in heap of smouldering ashes. He e to town and gave the alarm, some of the citizens went out to estigate.

he body was found in a crouching ition, face downward, and a large e in the left side of his head. ter on a bundle of clothes were nd in a fence corner which were ntified by some parties present belonging to Frank Booth, or shorty," (his alias) who had been rking on the section gang here.

Justice M. A. Bexley was at once ified, but it being late in the even- g, he postponed the inquest until xt day. After his arrival the men rning the coroner's inquest pro- eded to the scene of the crime. hen they arrived the hogs had de- oyed the remains of the body, ex- pt a piece of thigh bone. From the ange evidence that could be obtain- the jury found that the man came his death by unknown parties.

The dastardly deed seems to be rouded in mystery, as the negroes re seem to be very mum about the fair. The dead man was paying at- ntion to another man's woman, and e supposition is that his rival, after lling him, carried him to the barn d set fire to same to hide his crime.

This is the second killing here in a hort time, and none of the culprits ve been brought to justice.

A Card of Thanks.

The public will be delighted to learn that little Frank Douglas, who underwent a most serious operation at the Odd Fellows' Sanitarium some time since, is rapidly recovering. His home is again happy and his father and mother, Mr. and Mrs. F. T. Douglas, desire to express their sincere gratitude and deepest appreciation of the many kindnesses shown: to Dr. H. Hodges who performed the operation and watched so carefully his every symptom, and the physician who attended him; Mrs. Bradley whose tireless and constant care, together with the faithful corps of nurses, and the kind people of the city, whose sympathy and prayers and many little things did so much toward alleviating his sufferings, and helping him through the trying ordeal through days of anxiety and pain.

Children's

Tonic is White's Cream Ver- cure for worms and all diseases. It not only kills but removes the mucous in which they build their nation on the child is mild ring it to a healthy condition. Sarmie Tenn., says that of his children White's Cream Vermifuge when the doctor ed it had colic, and from the first child passed seventy-three ms. For sale by W. M. Johnson.

MUSICAL AND DRAMATIC CLUB.

Excellent Progress is Being Made on the New Opera.

A very enthusiastic meeting of this club was held on Tuesday evening at the residence of Mrs. B. P. Richards. Several numbers of the new opera, under the personal direction of W. E. Cadwallader, were taken up for study and the progress shown during the evening was very satisfactory.

The members of this organization are to have, at each rehearsal, one half-hour of instruction in sight reading—a big advantage in the prosecution of the study of any musical work. While volumes have been written on the subject, and text books can be had in all varieties of size and intricacies of method, the practical illustration of and work on the basic principles are far more productive of results. Better climb a four-foot fence than walk two miles to a gate and two miles back.

The inauguration of this half-hour study plan was greeted by the members with a great deal of enthusiastic satisfaction; the score calls for some most unusual suspended harmonies, requiring intellect and conscientious study, but the effect, when properly obtained, seemed to animate the members to go at it with a will, determined to master it; those who expected something simple and not worth spending grey matter upon, were disappointed—apparently pleasantly disappointed, however, for they applied themselves to the task in a really professional manner.

Gainesville has long needed a club of this sort, with opportunities for musical advancement, and Mr. Cadwallader deserves much credit for his efforts in taking hold of and perfecting such an organization.

It is to be hoped the club will receive the earnest support of the entire community.

When to Go Home.

From The Bluffton (Ind.) Banner: "When tired out, go home. When you want consolation, go home. When you want fun, go home. When you want to show others that you have reformed, go home and let your family get acquainted with the fact. When you want to show yourself at your best go home and do the act there. When you feel like being extra liberal go home and practice on your wife and children first. When you want to shine with extra brilliancy go home and light up the whole household." To which we would add, when you have a bad cold go home and take Chamberlain's Cough Remedy and a quick cure is certain. For sale by all druggists.

The Union Service.

The union service at the First Baptist church was well attended Thursday. Rev. Thos. P. Hay, pastor of the Presbyterian church, delivered the sermon, which was one of the best ever heard in the city.

During the service a collection was taken up for the charity fund, which received a liberal response.

That's It!!!

Cough yourself into a fit of spasms and then wonder why you don't get well. If you will only try a bottle of Ballard's Horehound Syrup your cough will be a thing of the past. It is a positive cure for Coughs, Influenza, Bronchitis and all Pulmonary diseases. One bottle will convince you—at your druggist's 25c, 50c, $1.00. Sold by W. M. Johnson.

A HAPPY MARRIAGE.

Miss Katherine LaFontisee Wedded to Mr. Barron on Thursday.

From Friday's Daily Sun:

Information was received in this city Thursday evening of the marriage of Miss Katherine, daughter of Mr. and Mrs. L. N. LaFontisee, and Mr. A. C. Barron, which happy event occurred at the study of Rev. Father Kennedy, Roman Catholic Church, at 6 o'clock Thursday evening.

Mr. Barron, who is a retired gentleman, resides in Nunda, N. Y., during the summer. He also has a winter home in DeLand.

It was in DeLand that Miss LaFontisee, who is one of Gainesville's most excellent young ladies, first met Mr. Barron, also a highly polished gentleman. The friendship soon ripened into love, and this romance of devotion was ended by the ceremony Thursday night.

Mr. and Mrs. Barron left immediately after the ceremony for Palm Beach, where they will spend a few days. His bride, who holds the responsible position of principal of the primary department of the Miami High School, will retain her position for the remainder of the term. After the term expires, however, they will make their summer home in New York State and spend the winter in Florida, at DeLand.

Friends of Miss LaFontisee, who is well known and popular here, will extend heartiest congratulations on her marriage.

There were no cards issued, and the only persons present at the ceremony were Mr. and Mrs. Frank LaFontisee of Miami, the former a brother of the bride. They will spend the Christmas holidays with the bride's parents in Gainesville.

A FLAG PRESENTATION.

James Skinner Presented Fine National Emblem to Archer School.

The pupils of the Archer school on Thursday enjoyed a most gracious Thanksgiving, being the occasion of a flag presentation by James Skinner, who presented the school with a fine American flag.

In presenting this flag Mr. Skinner delivered a short but most appropriate address. His remarks were full of patriotism, and were well received.

There was an interesting program rendered at this ceremony, comprising the presentation of the flag by Mr. Skinner, the reply to Mr. Skinner's remarks by J. K. Tuten, a member of the board of trustees, the talk of the principal of the school, Prof. Blanton, and a prayer at the opening by Rev. Dr. Waddell, pastor of the Presbyterian church at that place.

On the program were two interesting numbers, one being a recitation by Albert Robertson and another by Hal Taylor, the latter's subject being "Red, White and Blue." The lad carried his subject well, and, being a favorite, made a great hit among those present.

A Home Made Happy by Chamberlain's Cough Remedy.

About two months ago our baby girl had measles which settled on her lungs and at last resulted in a severe attack of bronchitis. We had two doctors but no relief was obtained. Everybody thought she would die. I went to eight different stores to find a certain remedy which had been recommended to me and failed to get it, when one of the storekeepers insisted that I try Chamberlain's Cough Remedy. I did so and our baby is alive and well today.—Geo. W. Spencer, Holly Springs, N. C. For sale by all druggists.

A Handsome Remembrance.

One of the pleasant features of Thanksgiving day was the presentation by W. R. Stockert to Rev. S. B. Rogers of a handsome Knight Templar charm.

Dr. Rogers has for years been a devoted and enthusiastic member of this degree of Masonry, and is quite popular with Pilgrim Commandery here. The presentation was quite a surprise but a deserved compliment and a high honor from a friend and brother Mason.

Danger in Asking Advice.

When you have a cough or cold do not ask someone what is good for it, as there is danger in taking some unknown preparation. Foley's Honey and Tar cures coughs, colds, and prevents pneumonia. The genuine is in a yellow package. Refuse substitutes. J. W. McCollum & Co.

SIMONS HAD NO LICENSE.

Was Taking Pictures on the Street Without Necessary Papers.

A Hebrew by the name of Simons was arrested by Marshal Arnow Friday on a charge of doing business without a license.

Simons had a cannon-shaped camera, dangerous to look at, but guaranteed to give satisfaction as far as the likeness was concerned. He was busy all over the city visiting houses and making lapel pictures at fifteen cents each and was evidently enjoying a fine trade, as he appeared to get business at almost every place he stopped. It was the novelty of the thing which attracted the people.

But Marshal Arnow happened to "catch on" to Simons and his tricks, chased him down and informed him that he must secure a license before proceeding further. This Simons said he would not do, when he was placed under arrest, but the matter was finally settled by the payment of the costs by Simons, who promised that he would desist from further efforts in pushing his "profession"—

Which he did.

PROPOSED MASONIC TEMPLE.

Committee Received Plans, and Same Now Under Consideration.

The building committee which has charge of the plans, etc., for the proposed Masonic Temple, have met and conferred, and now have the plans under consideration.

Contractor Dempsey, to whom was entrusted the drawing of the plans, presented a very concise and clever idea as to the arrangement of the proposed building, which will be located on the corner of West Main street N. and East Court street. The committee appeared to be well pleased with the plans and the suggestions embodied with same, and will no doubt be in position to let the contract in a few days.

Accident to Young Man.

While fooling with a pistol which he had dropped in the sand at his home near Hague a couple or three days ago, W. A. Strickland, Jr., son of C. C. Strickland, had the misfortune to receive a bullet in his hand.

Dr. Bishop was summoned, and extracted the bullet, and while the wound is very painful, it will not prove serious.

A MEMORIAL SERVICE.

J. J. Finley Chapter, U. D. C., Will Meet Tuesday Afternoon.

By request of Mrs. L. H. Laurance, vice-president, Florida Division, United Daughters of Confederacy, members of J. J. Finley Chapter, U. D. C., will hold memorial services at the residence of Mrs. G. K. Broome in memory of deceased president, Mrs. Sheldon B. Stringer, Tuesday afternoon at 4 o'clock. All Daughters and friends of this organization are invited to attend. Mildred Lee Chapter are invited to attend in a body.

DEATH AT NEWTOWN.

Holly Hismith, a Well-Known Young Man, Passed Away Thursday.

Holly Hismith, twenty-six years of age and and one of the most widely known and popular young men in his section of Levy county, died Thursday from a complication of diseases, principally liver trouble, at Newtown.

Deceased was a son of Mr. and Mrs. S. F. Hismith, who, with several brother and sisters, survive him. He was a member of the Church of Christ, and an upright young man.

The funeral was held Friday.

DR. SLEDD GOES SOUTH.

University President Will Deliver Several Lectures in South Florida.

Dr. Andrew Sledd, president of the University of Florida, and one of the most highly efficient educators in the South, left Friday for points in South Florida, where he expects to remain for the next two or three days.

Dr. Sledd delivered his first lecture of the tour in Eustis Friday night.

Funeral of Mrs. Hanchette.

The funeral of Mrs. Hanchette, the sad death of whom occurred at the home of her daughter, Mrs. W. F. Yocum, West Church street, was held at 3:30 o'clock Saturday afternoon from the residence, Rev. T. J. Nixon of the First Methodist church conducting the ceremony.

There were many present, and the floral decorations were plentiful, which was an evidence of the popularity of the deceased.

A large crowd followed the remains to their last resting-place in Evergreen cemetery, where the impressive services were concluded.

BLOXHAM DELL MARRIES.

Young Man of Twenty Years Marries Girl of Seventeen.

From Sunday's Daily Sun.

The young friends of Bloxham Dell of this city were surprised Friday to learn that he had taken unto himself a wife—and many thought the report was only a joke. The telegram conveying the information of his marriage, however, proved to be true, the marriage having taken place in Savannah last Friday at noon, his bride being Miss Lorena Keller of Savannah, a beautiful young lady who he met at Brevard, N. C. last summer. Mr. Dell is only twenty years of age, while the bride is but seventeen.

The young couple were met by about fifteen of Mr. Dell's young friends on the arrival of the Seaboard train last night and received with such a shower of rice as was never witnessed in this city before.

Mr. and Mrs. Dell are the guests of Dr. E. Lartigue and wife for the present, where they are receiving the congratulations of the former's numerous friends.

of the Alabama not seem to have problem. The an injunction from the United States the enforcement of at the extra session rates on the ground account to confiscation as they claim they erating expenses and rate of interest on money eems impossible for the Governor Comer to come table agreement.

FROST-PROOF ORANGES.

It will be many a long day before the memory of the terrible freeze in 1894-1895, which wrought such havoc to citrus fruit crops and brought ruin to so many growers, will pass from the minds of the people of Florida. Many of these are still struggling to recuperate financially from the almost fatal blow they received from the deathly breath of Boreas, while some have long since given up in despair or have died in comparative poverty.

Since those days very marked advances have been made in developing varieties of oranges that will withstand a temperature well below the freezing point, so that they may be exclusively planted in those sections which cannot be said to be immune from an occasional visit of very cold weather. The National Department of Agriculture has succeeded in producing varieties to bear a comparatively low temperature, but we learn through The New Orleans Times-Democrat of what are said to have been highly successful efforts in this direction on the part of an extensive fruit grower, J. L. Normand of Marksville. The Times-Democrat quotes from The Marksville Weekly News as follows:

"Mr. Normand will also soon be ready to send an attractive collection of his frost-proof oranges, which he himself has manipulated by crossing them so that the trees producing these hybrids will stand a temperature as low as 10 degrees above zero. The variety, which he has named the 'Carnegie' orange, the public will be surprised to learn that it took him over twelve years to evolve this fine fruit to its present perfection. It is a pleasure to take a walk over his experimental gardens and see the wonderful transformation he has accomplished by the scientific cross-breeding of plants. One can see entirely new races of fruit bearing and ornamental trees that exceed in beauty anything in cultivation in this part of the country. Mr. Normand's work is attracting the attention of the horticulturists far and wide."

It is evidently to the interest of Floridians to investigate regarding the foregoing statement, as the "Carnegie" orange—despite its rotten, objectionable name—might be a good one to grow in the most northernly portions of this State.—Tampa Tribune.

NO REPETITION.

Ex-Superintendent W. N. Sheats has announced that he will again be a candidate for the position of Superintendent of Public Instruction, saying that it is vindication which he seeks from the people rather than the office itself. Of course Mr. Holloway will want to be re-elected and we have no hesitancy in saying that if we are to have a repetition of the campaign of a few years ago between these two gentlemen then it were better that both of them be "snowed under" hard and sufficient and a new man be elected to the place.—Madison New Enterprise.

Editor Smith and others need have no fear of a repetition of the campaign of 1904 between Holloway and Sheats, as Superintendent Holloway has given his word through The Sun that he will not permit himself to be drawn into such a campaign under any circumstances. He has made a good official in every particular and is justly entitled to renomination and election.

Leading farmers in Mecklenburg county, North Carolina, are proposing to establish a bank controlled exclusively in their interests. A farmers' bank, it is believed, is necessary, in order to enable them to finance their own cotton crop by the method of warehousing. They now depend on banks more closely affiliated with commercial and manufacturing interests for advances. The financial stringency of the past few weeks has led bankers in various parts of the South to bring pressure upon farmers to sell cotton.

Already a number of industrial plants have been forced to shut down, says a dispatch from Wall Street, owing to the money conditions, which means that these conditions are working their own cure. Such is the consolation of the Wall Street gamblers. Thousands of men are without employment. Prices of wheat and cotton have declined. And this is hailed as a godsend and a cure of hard times by the frenzied financiers who caused the panic.

FARM TRAINING NEEDED.

F. S. White, in Southern Farm Magazine of Baltimore for December, says:

"Only a short time ago a great creamery was built and the company wanted a young man who understood how to make a first-class quality of butter. They were willing to pay such a man $125 per month and advance his salary as the business increased. They wrote to the president of one of our great State agricultural colleges, stating what they wanted. I saw the letter the president wrote in answer. He said: 'I have looked over all my men carefully, and I am sorry to say that I do not have one that I feel warranted in recommending to you to fill the place.' But he went on to say that if they had written him for lawyers, doctors or preachers he could have sent them a carload on an hour's notice. Now this was casting no reflection upon the professions, for they are all needful, and we must have young men trained for filling these positions, but the point is that some of these professions may be oversupplied, while our agricultural possibilities are yet in their infancy, and are just beginning to be developed."

BOOMS THAT FAILED.

This is a bad time for political booms. The Taft boom is sagging; the Roosevelt boom has received a black eye as the result of the panic, and there are signs that it is being wrapped in cotton after being embalmed for preservation, and is now buried with the "Big Stick;" the Fairbanks boom is resting to recuperate from its bout with the cocktails; the Cortelyou boom has been killed in the house of its friends, the frenzied financiers of Wall Street; the Hughes boom is engaged in a life and death struggle with the cold remains of the Roosevelt boom, with Odell and Platt and Depew ready to administer on the estate of the decedent, whoever it may be. The Knox boom looks the most likely to gather momentum, for it has the railroads and the money power back of it, but even with those advantages to a Republican boom it languishes in the arms of the rotten Pennsylvania political machine.

All the concrete work on the big viaduct of the East Coast extension will be completed this month. They are now laying track on Knight's Key and passengers for Cuba can be handled on the road during the present season. But Hearst's Journal lately said the complete collapse of the scheme was breaking Mr. Flagler's heart, so it must be that Hearst's sense of decency will have a broken back soon—if the man ever had such a possession as spinal decency.—Times-Union.

When it comes to office seekers Jacksonville is by no means a modest town. That city wants both United States Senators, the Governor, Congressman—and in fact the whole thing. It remains to be seen if the people of the interior will submit to their grab game. Many of us are willing for John Stockton to succeed Governor Broward, but we draw the line on giving them another United States Senator and the Congressman.

The first copy of The High Springs Messenger, Geo. T. Taylor, editor, is before us. In his salutatory the editor says: "The Messenger shall be a clean paper. Its policy will be educational, political, religious, more schools and better schools, clean politics, clean men in office from constable to Governor, and more love and respect for our Christian homes, and to contend earnestly for a better citizenship for our boys of the future."

The people of Jacksonville had reason to give thanks last Thursday the city council having decided to decrease the expenses of the city government instead of increasing the tax rate. Gainesville tax payers, however, had no such thing to be thankful for nor will they next year, unless some changes are made in the membership of the council at the election next April.

Hon. B. D. Wadsworth, for many years State Senator from Madison county, died at his home in Madison on November 24th, aged 62 years. Ben Wadsworth was a big-hearted man, and his many friends all over Florida will regret to hear of his death. He was well known in Gainesville and owned property in Alachua county.

The winter visitors are coming to Florida unusually early this year, and the East Coast resorts will be crowded from opening to closing. Visitors should not fail to come to Gainesville before returning North, for here they will find many noted curiosities, excellent hunting, and the prettiest town in Florida. Though our hotels do not make the fact known through The Sun, there are ample accommodations for all who come, and we can truthfully say that the accommodations are better this season than heretofore.

Jacksonville, as usual, bobs up serenely with a full crop of candidates for almost every office of consequence within the gift of the people of Florida. In some instances she has as many as two for the same office, and she is reaching out for everything from United States Senator to Governor. All the brains of the State may not be in the metropolis, but we are about prepared to believe, to use a slang phrase, that all the "gall" is.—Fernandina News.

It seems to us that the shipment of green moss for holiday decorations might prove a profitable venture. Nothing makes a prettier decoration than our long, trailing Spanish moss. —Ocala Banner. The Banner has suggested a venture which ought to prove profitable, and deserves the attention of some enterprising man. There is enough Spanish moss in Alachua county to decorate the universe, and it can be had for the asking.

The question of the economy of establishing a criminal court of record in Alachua county is being discussed by some members of the Gainesville bar. If the establishment of such a court should be deemed for the best interest of the county the enactment of the necessary law could be passed by procuring the required petition and Governor Broward calling the matter to the attention of the Legislature at the extra session, should he call one.

ASKS US TO PRINT IT.

Tells How to Prepare a Simple Mixture to Overcome Dread Disease.

To relieve the worst forms of Rheumatism, take a teaspoonful of the following mixture after each meal and at bedtime:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

These harmless ingredients can be obtained from our home druggists, and are easily mixed by shaking them well in a bottle. Relief is generally felt from the first few doses.

This prescription, states a well known authority in a Cleveland morning paper, forced the clogged-up, inactive kidneys to filter and strain from the blood the poisonous waste matter and uric acid, which causes Rheumatism.

As Rheumatism is not only the most painful and torturous disease, but dangerous to life, this simple recipe will no doubt be greatly valued by many sufferers here at home, who should at once prepare the mixture to get this relief.

It is said that a person who would take this prescription regularly, a dose or two daily, or even a few times a week, would never have serious Kidney or Urinary disorders or Rheumatism.

Cut this out and preserve it. Good Rheumatism prescriptions which really relieve are scarce, indeed, and when you need it, you want it badly. Our druggists here say they will either supply these ingredients or make the mixture ready to take if any of our readers so prefer.

Old newspapers for sale at this office.

JUDSON JOTTINGS.

Judson, Nov. 28.—Charley Collins and J. H. Johnson returned from a pleasant visit to Gainesville last night.

Yesterday the dark angel of death entered the home of A. J. Doke and took the spirit of W. B. Doke, Sr. Mr. Doke was an old veteran, and numbered his friends by his acquaintances. He was buried Thursday morning at Pine Grove cemetery, with Masonic honors, he being a strong Mason.

Messrs. Pickett, Tucker and Henderson are in town today. They came to attend the funeral of W. B. Doke.

TAX NOTICE.

The tax books of Alachua county for the year of 1907 taxes are now open for the payment of taxes. Any person paying taxes during the month of November will be entitled to two per cent discount, any paying taxes during the month of December are entitled to one per cent discount, after that date, and up to the first day of April no discount will be allowed. Taxes become delinquent on the first day of April. Any money sent to the Collector, and not reaching him on or before the last of November, will not receive the two per cent discount. In other words the Collector must have the money, and a receipt issued for the taxes on or before the last day of the month for the tax payer to get the benefit of the discount. W. D. DICKINSON,
Tax Collector Alachua County.

FRANK CLARK WILL WORK FOR FLORIDA

Congressman From Second District Will be Heard From Often.

TRY TO REFUND COTTON TAX

His First Bill of the Session Will Provide for Same—He Will Also Introduce Other Bills of More Than Ordinary Interest.

[From Times-Union of Nov. 26th.]

Hon. Frank Clark of Gainesville, Congressman from the Second Congressional District of Florida, arrived in the city yesterday from his home, accompanied by Mrs. Clark. They will leave this morning for Washington, stopping over at Athens, Ga., where one of their sons is at school.

At the Aragon hotel yesterday Mr. Clark was called on by a number of his Jacksonville friends. To a Times-Union reporter, in reply to a question as to what important matters had been occupying his attention during his vacation, and what new measures he expected to bring before Congress at the coming session, Mr. Clark said:

"I am on my way to Washington to attend the approaching session of Congress. I was at Live Oak yesterday and last night, with the Hon. William G. Smith of the Bureau of Soils, Department of Agriculture, who is down here at my solicitation, to deliver a number of addresses to the farmers of this district.

"Mr. Smith was at Lake City today, and will be in the State for the balance of this week, speaking at Jasper, Starke, DeLand and Orlando. His lectures are extremely and highly educational, as he points out to the farmers the quality of the different soils, the best methods of cultivating the same and the best means of procuring good seed and of increasing the yield year by year.

"I am extremely sorry that Mr. Smith cannot at this time go over the entire Congressional district, but I am hopeful that at some time after the holidays we may be able to have him, and one or two other gentlemen from that department, make us a visit and go into every county in the Second Congressional District; and while I am upon this subject I desire to say to the people of my district that I am going to make a very strong effort to procure a complete and accurate soil survey by department officials of every county in this Congressional district. After that has been done I intend, if possible, to have the different sections tested for the growth of high-grade tobacco.

Seed-Testing Stations.

"Another thing that I am endeavoring to accomplish at this particular time is the location of six or eight seed-testing and breeding stations in this Congressional district. The purpose of a seed-testing and breeding station is to secure by scientific methods the growth upon our own soil of the very best seed adapted to this region. I am informed by these gentlemen that we can grow in Florida just as good seed for the production of Sea Island cotton as can possibly be grown in South Carolina, and it is my purpose, as before stated, to have these stations located right here, if possible.

Refund of Cotton Tax.

"The most important work, however, that I expect to undertake in the approaching session of Congress is to secure the refunding to the Southern States of the large amount of money collected from this people during the years from 1862 to 1868, by a levy of a direct tax upon cotton.

"I have been applying myself all during my vacation to the study of this question, and have prepared a very exhaustive brief on both the law and the facts concerning this matter. I have prepared a bill on this subject, which I expect to introduce on next Monday, the first day of the new session.

"This tax was levied by Congress under an act passed in 1862 by which a tax of one-half of one cent per pound was levied on all lint cotton. In 1864 this tax was increased to 2 cents per pound. In 1866 another act of Congress increased the tax to 3 cents per pound and in 1867 still another act was passed fixing the rate of taxation at 3¼ cents per pound. In 1868 the act then in force was repealed. Under these different acts of Congress taxes were collected from all the cotton in the United States to the amount of $68,000,000, which is now lying in the Treasury of the United States.

"The Supreme Court of the United States has decided that these taxes were illegally and wrongfully collected, and there is no question but that in law and equity and good conscience this vast amount of money belongs to the people from whom it was taken in defiance of law. Bills have been introduced by Southern Representatives at different times, seeking a refund of this money, notable among which was the bill introduced by the Hon. Alexander H. Stephens of Georgia, in the Forty-third Congress; but at that time passion, prejudice and sectional hate so flourished at the National capital that it was useless to attempt legislation of this character. Now, however, when the last vestige of sectional animosity seems to have disappeared from our national life, I feel quite sure that the representatives from the North will be ready to aid in righting this admitted wrong.

For Rural School Fund.

"Over $60,000,000 of this money goes to the States lying South of Virginia and $918,000 comes to the State of Florida. My bill provides for the payment of this money into the treasuries of the respective States wherein it was collected, there to remain for a definite time in order to allow the persons who paid this tax, their heirs or legal representatives, ample opportunity in which to establish their claims; and all of the money remaining after the time allowed for the presentation of claims, and proof in support thereof, to escheat to the State and be converted into the rural school fund of the State. This, it occurs to me, is the best disposition to be made of the money; and I am, as before stated, going to devote my time and energies to the collection of this money.

Money for Moving Crops.

"I believe there is nothing else that might interest the people at this particular time, except I might add that I am hurrying to Washington for the purpose of meeting the Secretary of the Treasury in conjunction with the rest of our delegates, to make an effort to induce the Secretary to deposit in the banks of the long staple cotton belt sufficient funds to move the crops, and thus relieve present conditions.

"It will not require a great deal of money, and it seems to me that while the Secretary of the Treasury is unloading money to the great banks of New York City, he might divert a small portion of it to smaller banks in the agricultural sections of our country for the purpose of moving the crops, and thus relieve the situation in so far as our agricultural interests are concerned.

"It occurs to me that the administration of governmental affairs in this country, that the farmer—the producer, the real hope of the country's progress—should be given some consideration, and I believe the Secretary of the Treasury will be disposed to do that.

Will Be a Candidate.

"You ask if I shall be a candidate to succeed myself?

"Permit me to say, upon that suggestion, that I did not attend a gathering recently held in Ocala because of the fact that circuit court was in session in Alachua county, and my duties to clients absolutely forbade my leaving Gainesville. I deem it hardly necessary to say that I shall be a candidate to succeed myself in the primaries next year.

"My own opinion is that it is too early for the opening of a campaign, and I sincerely trust that the real opening of the campaign may be delayed as long as possible, to the end that our people may be permitted to go about their usual business affairs, undisturbed by politial meetings, until within a reasonable time before the holding of the primaries themselves.

"I do not yet know of any opposition to my re-election, and I am led to believe, by the assurances I get from all over the district of approval of my Congressional career by the people, that I will not have any opposition for a renomination. This is certainly very gratifying to me. I have been doing my best to make the people of this district a good representative in Congress, and my every effort in the future shall be toward the accomplishment of that end."

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

A LEVY COUNTY TRAGEDY.

Information Received of Shooting of Colored Woman Near Lennon.

From Saturday's Daily Sun:

Information has been received of a serious affray occurring in the vicinity of Lennon, Levy county, on Thanksgiving day, but nothing authentic could be learned. It appears, however, that a negro, who was already under bond for the shooting of another man, went to the home of a negro woman, and, sipping up behind her, emptied the contents of a double-barrel shotgun loaded with babbitt metal, into her back. The woman is still alive, but chances for her recovery are against her.

CONDITION OF PERRY CHILD.

Child Burned on Wednesday Yet in Bad Condition, But May Recover.

From Saturday's Daily Sun:

The two-year-old child of Mr. and Mrs. Perry, which was so badly burned on Wednesday, is yet in a serious condition, and has suffered a great deal.

Dr. E. Lartigue, the attending physician, states, however, that the chances for the child's recovery are fair.

Friends of the parents sympathize with them greatly in their trouble, but hope the little one will yet come out all right and fully recover.

Notice to Our Customers.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug Law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

Do Not Neglect a Cold.

Every cold weakens the Lungs, lowers the Vitality and makes the system less able to withstand each succeeding cold, thus paving the way for more **serious diseases.**

CAN YOU AFFORD TO TAKE SUCH CHANCES?

BALLARD'S HOREHOUND SYRUP

PERMANENTLY CURES

Coughs, Colds, Sore Throat, Asthma, Croup, Whooping Cough, Bronchitis, Hoarseness, Sore Lungs.

EVERY MOTHER SHOULD KNOW THAT BALLARD'S HOREHOUND SYRUP CONTAINS NOTHING INJURIOUS, DOES NOT CONSTIPATE CHILDREN AND WILL POSITIVELY CURE CROUP AND WHOOPING COUGH.

MRS. SALLIE LOCKBAR, Goldthwaite, Tex., says: "We have used Ballard's Horehound Syrup in my family for several years, and it always gives satisfaction. When the children had Croup and Whooping Cough it always relieved them at once, and I would not be without it in the house, as it is the BEST MEDICINE we know of."

Best Remedy for Children. Every Bottle Guaranteed.

THREE SIZES: 25c, 50c and $1.00.

BALLARD SNOW LINIMENT CO., ST. LOUIS, MO.

SOLD AND RECOMMENDED BY

W. M. JOHNSON

Famous Barytone a Suicide.

Berlin, Nov. 28—Theodore Bertram, one of the greatest Wagnerian barytones in Germany, has committed suicide at Bayreuth. His act was due to despondency over his wife's death in the wreck of the steamer Berlin at the Hook of Holland last February. Since then his mental and physical health has steadily declined. He was for a long time a member of the Royal Opera and was a favorite of the Kaiser.

What's

Worth doing is worth doing well. If you wish to be cured of Rheumatism use Ballard's Snow Liniment and you will be "well cured." A positive cure for Sprains, Neuralgia, Bruises, Contracted Muscles and all the ills that flesh is heir to. A. G. M. Williams, Navasota, Texas, writes: "I have used Snow Liniment for sprained ankle and it gave the best of satisfaction. I always keep it in the house." Sold by W. M. Johnson.

Wore Men's Shoes.

Dennison, Ohio, Nov. 29—An unknown woman about 30 years old was killed here by a train. She was poorly dressed, and wore men's shoes.

About Digestion.

It is not the quality of food taken but the amount digested and assimilated that gives strength and vitality to the system. Chamberlain's Stomach and Liver Tablets invigorate the stomach and liver and enable them to perform their functions. The result is a relish for your food, increased strength and weight, greater endurance and a clear head. Price 25 cents. Samples free. For sale by all druggists.

FIERCE FIGHT WITH EAGLE.

Massachusetts Farmer Finds Victorious Bird Almost a Match for Him.

Pittsfield, Mass., Nov. 29—Boiger of Peru, 15 miles east of this city, had a hot fight with a [illegible] which invaded his [illegible] off with a lamb.

Boiger's attention was [illegible] the bleating of the lamb and [illegible] out with his gun. He [illegible] to get a shot at the bird, [illegible] of its wings. As it fell to the [illegible] Boiger attacked it with a club. The eagle fought viciously with [illegible] talons and wing and Boiger was [illegible] punished, his hands and [illegible] badly torn and his clothing [illegible] rags. He finally landed a [illegible] on the eagle's head.

The eagle was brought to [illegible] It measured eight feet across the spread wings.

Early to Bed

And early to rise, makes you healthy, happy and wise—especially if you atke Herbine before retiring. A positive cure for constipation, dyspepsia and all liver complaints. Mrs. S——, Columbia, Tenn., writes: "I always keep a supply of your Herbine on hand. Am so pleased with the relief it gives in constipation and liver complaints, that words can't express my appreciation." Sold by W. M. Johnson.

$50,000 FIRE AT MONTBROOK

...mill Plant of The Florida Land ...ompany Went Up in Smoke.

...E DRY KILNS WERE BURNED

...ether With a Large Quantity of ...umber, Some of Which Was Loaded ...n Cars Ready for Shipment—No ...nsurance—Plant May be Rebuilt.

...m Saturday's Daily Sun:

...he entire sawmill plant of the ...rida Land Company at Montbrook, ...ether with the dry kilns and all ...lumber, was burned to the ground ...Thanksgiving night, entailing a ...s it is said, of about $50,000. It ...also stated that there was no in...ance on the buildings or stock.

...he Florida Land Company is com...ed of John F. McNair, D. W. Mc...thur and N. G. Wade, all of whom ...ve been leading spirits in the de...opment of the country west of ...inesville. The sawmill plant had ...capacity of about 50,000 feet per ...y, and was one of the most modern ...this section of the State. It was ...ected about eight years ago, and ...s since employed a large number ...men.

...The Florida Land Company is also ...tensively engaged in the manufac...re of naval stores, and has in the ...cinity of Montbrook two fine stilling ...ts, but neither of these were af...ted by the fire, being quite a dis...ce from the sawmill.

...It is not learned whether the plant ...ll be rebuilt, but inasmuch as the ...mpany yet has an extensive acreage ...timber in that vicinity, it is as...med that they will erect another ...ill.

MR. DEWEY WAS HERE.

...as Agent of Florida Southern at Ro...chelle for Many Years.

...Among the visitors to Gainesville ...riday was John R. Dewey of Jack...nville, who made The Sun an ap...reciated call.

...Mr. Dewey is by no means a strang...r in this section of the country. He ...as for a number of years agent of ...he old Florida Southern railroad at ...Rochelle, leaving his position there ...about eleven years ago for Miami, ...where he resided up to a couple of ...years ago, when he removed to Jack...nville. He is well known by the ...old citizens of Gainesville, many of ...whom had the pleasure of greeting ...him again Friday.

...Mr. Dewey stated that he had al...ways harbored a feeling of confidence ...in the future of Gainesville, even "way ...back yonder," and was glad to live ...to see his predictions realized in the ...line of commercial advancement. ...He was very much gratified at ...the healthy growth of the city.

KING SUCCEEDS HOOKS.

...New Agent of Southern Express ...Comes from Live Oak.

...From Saturday's Daily Sun:

...H. King of Live Oak, one of the ...well liked employes of the South...ern Express Company, has accepted ...the position of agent of the Gaines...ville office, vice Agent H. K. Hooks, ...who resigned a few days ago on ac...count of his health.

...Mr. King is an obliging, courteous ...gentleman, and comes to the Gainesville ...office highly recommended. He will ...doubtless prove popular here.

...Mr. McCook is succeeded in the ...Gainesville office by W. T. Gill, also of ...Live Oak, and an old employ of the ...Southern Express Company, and will ...doubtless "make good" with the pa...trons of the office here. It is under...stood that Cashier McCook has been ...offered a passenger's position, ...which he will be given a good run.

Public Speaker Interrupted.

...Public speakers are frequently in...terrupted by people coughing. This ...need not happen if Foley's Honey ...and Tar is taken, as it cures coughs ...colds and prevents pneumonia ...and consumption. The genuine con...tains no opiates and is in a yellow ...package. J. W. McCollum & Co.

Matters of General Interest Gathered by Our Reporters.

PERSONAL AND SOCIAL ITEMS

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.

From Friday's Daily Sun.

Mrs. H. L. Phifer has returned from Valdosta and Macon, Ga., where she has been on a visit to relatives.

J. J. Haymans has returned from Lochloosa, where he has been looking after his naval stores interests.

Misses Bessie and Julia Bunch are spending the next few days as guests of Miss Zella Harvey, at Williston.

Mrs. J. M. Rivers has gone to Santa Fe, where she will spend the next two or three days with her parents, Mr. and Mrs. W. M. Blitch.

C. E. Dunham of Hague was in the city yesterday. Mr. Dunham has recently established a shingle manufacturing plant at that place.

Clyde Richardson of High Springs spent yesterday in Gainesville as the guest of his aunts, Mesdames G. S. Merchant and H. H. McCreary.

J. E. Waugh, formerly of this city but now of Macon, Ga., where he is connected with the Georgia Southern and Florida railroad, is in Gainesville on a visit to his wife and son.

T. R. Bennett, one of the oldest and most substantial citizens of the LaCrosse section, was among those who came to Gainesville yesterday, and while here called to renew his subscription to The Sun. He states that the present condition of the cotton market is somewhat hard on the average cotton grower, who cannot afford to hold his output for a better price, but that the growers are anticipating more favorable conditions in the near future. Mr. Bennett was accompanied by his daughter, Miss Ruby, who will remain here a few days as a guest of Mr. and Mrs. John Bennett.

From Saturday's Daily Sun.

Mrs. F. G. Bauknight of Archer, after a pleasant visit to J. P. Bauknight and family, has returned to her home.

Mr. and Mrs. Willie Brady of Archer have returned home, after a pleasant visit to the family of J. P. Bauknight.

L. W. Millican of Waldo, one of the leading naval stores operators of the county, was a business visitor to this city yesterday.

Mr. and Mrs. R. B. Simmons of Micanopy were in the city yesterday, Mr. Simmons calling at The Sun office and renewing his subscription.

W. A. Snowden of Micanopy, Jesse L. Griffin of Jonesville and N. A. Calhoun of Spring Park Farm were visitors to the county capital yesterday.

Mrs. N. M. Good has arrived in the city from Greenville, Tenn., and will spend the winter here with her daughter, Mrs. Charles Lamons, East Magnolia street.

W. Call and G. W. Parker, two well known citizens of the LaCrosse section, were in the city yesterday. The former called at this office and renewed his subscription.

C. M. Bagley, who was ill with typhoid fever, has so far recovered as to be able to be out on Thursday. Mr. Bagley is bookkeeper for the Dutton Lumber Company at that place.

J. P. Bauknight and daughter, Miss Ruby, are visiting the family of J. J. Barr of Micanopy, and will visit the former's mother, Mrs. J. E. Smith, Wacahoota, and other relatives and friends.

A number of young people of the city spent Thanksgiving night at the home of Mr. and Mrs. J. S. Crown, Orange Point the occasion being a delightful sugar boiling, tendered by the hospitable people. The party was compelled to remain during the night, owing to inclement weather, but had a good time, and feel under many obligations to Mr. and Mrs. Crown.

F. Ruff, Franz Weston, J. W. Ruff and W. J. Hamilton, all of Archer, spent Thursday night in Gainesville. Dr Ruff and Mr. Weston were here for the purpose of being initiated into the mysteries of Elkdom by Gainesville Lodge No. 990, and the other friends good-naturedly agreed that it was a "Ruff" house sure enough. It is hoped and believed, however, that the candidates will fully recover after a few days.

Mrs. Gary of Ocala, who has been for the past few weeks on a visit to Washington, is in the city, having been summoned on account of the serious illness and subsequent death of her grandmother, Mrs. James Hanchette, who passed away yesterday. Mrs. Gary is a daughter of Dr. and Mrs. W. F. Yocum. Friends extend sympathy in the death of her relative.

From Sunday's Daily Sun:

John S., Jr., and Taylor Crown of Rocky Point, spent Thanksgiving with friends in this city.

Friends of Mrs. John Chesnut are glad to see her up again, after an illness of several weeks.

John Ambrose has returned from Waldo, where he spent Thanksgiving with his mother and friends.

Miss Maude Lewis of the LaCrosse school has returned to her duties, after spending Thanksgiving with relatives in this city.

Forrest Whiting, who is attending a business college in Jacksonville, has returned to his studies, after a visit to his mother here.

Miss Ella Gruelle of Macon, Ga., has returned to her home, after spending Thanksgiving with her sister, Mrs. J. P. H. Bell, in this city.

Orino Laxative Fruit Syrup, the new laxative, stimulates, but does not irritate. It is the best laxative. Guaranteed or your money back. J. W. McCollum & Co.

G. L. Thompson has returned from Live Oak, where he had the pleasure of taking Thanksgiving dinner with his mother, Mrs. P. M. Thompson, now seventy-three years of age.

The Earnest Workers' Society of the First Presbyterian church will hold an oyster supper and apron and handkerchief bazaar next Friday evening, further mention of which will be given later.

Mr. and Mrs. Jesse H. Goss of Rhinelander, Wis., are rejoicing over the arrival of a fine girl at their home on the 26th inst. Jesse is an old Gainesville boy, and friends will extend congratulations.

M. S. Lanier, for many years a resident of Newberry, this county, but more recently from Lemon City, on the East Coast, was in Gainesville yesterday, and his old friends were glad at an opportunity to greet him again.

We will have on Monday or Tuesday a car-load of bananas—a thousand bunches—which must move cheap. Will be on sale at all our places, the Candy Kitchen, Opera House block and new store, rear Gainesville National Bank. George & Francisco.

H. C. Stevens, the jeweler of High Springs, passed through the city yesterday from Ocala and other points South. Mr. Stevens is division watch inspector for the Atlantic Coast Line, and his official duties keep him on the road a great deal of his time.

R. G. Bass was painfully injured by the hanging sign in front of the opera house yesterday afternoon. Mr. Bass' misfortune is about the fourth reported to have occurred there within the past week, and the sign should be so elevated as to obviate this trouble.

For any of the ordinary diseases of the skin Chamberlains's Salve is excellent. It not only allays the itching and smarting but effects a cure. For sale by all druggists.

Listen—Mrs. Tallant says Santa has written he will be at this new store, next express office, with a lovely line of pretty things for Xmas. Something new. Don't forget, children. There will also be a sale of shoes, boys' clothing, ready-made wear, etc., continuing throughout December.

Mr. and Mrs. G. D. Folks of Newtown are rejoicing over the birth of a fine boy, which arrived Wednesday. Mr. Folks, who is making his home in this city, could not resist the temptation to leave at once for Newtown to see the young man, whom he pronounces "the finest boy in the land." Friends extend congratulations.

The home of F. X. Miller, West Union street, will soon be improved by a roomy addition, and other improvements will be made. The old store building, which recently underwent the experience of a fire, being partially burned, has been purchased by S. H. Dempsey. This building will be torn down and removed, the purchaser using the material for other purposes.

Millions of bottles of Foley's Honey and Tar have been sold without any person ever having experienced any other than beneficial results from its use for coughs, colds and lung troubles. This is because the genuine Foley's Honey and Tar in the yellow package contains no opiate or other harmful drugs. Guard your health by refusing any but the genuine. J. W. McCollum & Co.

RESOLUTIONS OF RESPECT.

Kirby Smith Chapter, U. D. C., Pass Impressive Resolutions.

Notwithstanding that the meeting was held on a holiday, there was a good attendance at the session of Kirby Smith Chapter, United Daughters of the Confederacy, at the home of Mrs. H. H. McCreary, Thanksgiving morning.

It was a solemn meeting, too, as it was called for the purpose of passing resolutions on the death of the beloved State President, Mrs. Sheldon Stringer, the sad death of whom recently occurred suddenly of heart failure in Columbia, S. C., while the deceased was en route home from the National Convention of the order of which she had the honor to represent as a State president.

After a motion that a telegram of condolence and sympathy be sent to the relatives of deceased, the following resolutions were passed:

"Whereas, God Almighty, the Great and Mighty Ruler of Heaven and earth, has seen fit to take in His wisdom unto Him our beloved sister, Mrs. Sheldon B. Stringer, the faithful, loyal and efficient president of Florida Division, United Daughters of the Confederacy, in whom we all trusted, and

"Whereas, This death has come to us in its suddenness as a great calamity to the Daughters of the Confederacy of the State of Florida, be it

"Resolved, That the members of Kirby Smith Chapter, United Daughters of the Confederacy, realize that in the death of this beloved woman they have lost a faithful and loyal companion, who was always alert to the interest and welfare of the organization of which she was the head.

"Resolved, further, That this chapter extend to the bereaved relatives our most sincere sympathy, with the consolation that God is the great and wise judge of all things, and that after having served her friends well she was called to a better home.

"Resolved, further, That a copy of these resolutions be spread upon the minutes of this chapter, and that a copy be sent to the relatives of the deceased."

An effort was made by Kirby Smith to secure some floral decorations for the funeral, but even the markets of Jacksonville were exhausted, and it was impossible to send an offering of this kind.

This meeting was a called one, for the purpose of expressing sympathy and passing resolutions. The regular monthly meeting of Kirby Smith, which will be held next Thursday, will be conducted into a memorial meeting in honor of this beloved lady.

...WILSON'S...

The Busy Store

Our business so far this season breaks all previous records, and we shall strive each month to merit your increased patronage.

Style, Quality, Price

MRS. R. WILSON

JEWELRY

Of good taste is just as important as clothes. Garish effects in either are worse than none at all. We buy only the kind we think will please you, the jewelry of GOOD TASTE. This year the Silver and Gold Artisans have wrought as in a labor of love the beautiful things for Christmas gift giving. We would like for you to see our offerings while our stock is complete. Barrettes, Veil Pins, Stick Pins, Combs, Belt Buckles, etc., form 75 cents up.

L. C. SMITH, North Side Square, Gainesville, Fla.

A PAINFUL ACCIDENT.

William Randall Had Skull Fractured, Being Struck by Falling Limb.

William Randall, an industrious colored employe of the Rock sawmill, a short distance west of the city, was the victim of a most peculiar but painful accident while engaged in the discharge of his duty Friday morning, and which will require the most diligent exercise of skill and close watching to save his life.

Randall is employed by the Rock mill as a woodsman. While in the forest Friday morning he had the misfortune to be struck on the head by a falling limb, fracturing his skull.

Randall was in company with another man at the time of the accident, and he was brought immediately to the office of Dr. R. B. Ayer in this city, who rendered professional aid.

Dr. Ayer states that the condition of the man is serious, but his chances for recovery, with proper attention, are good.

Hyde's Great Sale Still On.

Gainesville can truly boast of the largest dry goods store in the interior of Florida—an establishment that is conducted on up-to-date business principles and whose manager believes in publicity.

The advertisement of this establishment—The G. W. Hyde Company—today is of especial interest, and should be carefully read by every housekeeper, wife, father, mother, brother and sister.

J. D. Gardner, the manager, knows how to tell the public what he has to offer, and shoppers can rest assured that what he advertises can be obtained at prices quoted.

Subscribers on rural free delivery routes can send in their subscriptions by the mail carriers. Persons who desire The Sun on such routes can also send money by the carriers.
